LEGISLATURE CLOSES WITH LONG RECORD

**Much Accomplished, Party
Leaders Claim; Budget
Is Approved**

COLUMBUS, July 16—(AP)—Ohio's first billion-dollar legisla-
ture ended 28 weeks of work
early today.

Representatives quit at 12:30 a.
m., bringing to a close one of the
longest working sessions on record.
Senators shut up shop 20
minutes earlier. Both houses
covered clocks at midnight. That
preserved the legislative illusion
it still was Friday, the agreed
quitting day.

Lawmakers then took a "ten-
minute recess" and went home.
The "recess" will last until Tues-
day for officers to sign bills passed
in the final crush. Then they'll
adjourn until July 29, date for
officially ending the 98th general
assembly.

Calls It Best
"The best session since the
Democratic administration of
Gov. James M. Cox," said Senate
Majority Leader Margaret A.
Mahoney (D-Cuyahoga). Cox
served three terms in 1913-15 and
1917-21.

House Speaker John F. Cant-
well (D-Mahoning) put it this
way: "We passed a lot of good
legislation and the record will
show it."

An unofficial count showed 307
measures passed. Well over 1,000
were introduced. Gov. Frank J.
Lausche won most of his legisla-
tive program despite slim Demo-
cratic majorities in both houses.
But enactment of two appropri-
ation bills and defeat of a revenue-
raising measure on the last day
may cause him finance difficulty.

The legislature approved re-
vision of job classifications and
salaries of state employees next
Jan. 1. Pay raises may reach \$3,
000,000 or more. The measure
also grants 5 per cent annual in-
creases starting July 1, 1951. The
bill affects some 27,000 workers.

Cities and other local govern-
ments won boosts in state grants
from \$12,000,000 to \$18,000,000 a
year. But the senate-passed bill
designed to finance local govern-
ment increases met last minute
defeat in the house. It proposed
advancing the state liquor mono-
poly's profit markup from 30
to 35 per cent.

Truman Spending Heading U.S. To Totalitarianism--Taft

COLUMBUS, July 16—(AP)—President Truman's program of huge government spending is leading the United States into a totalitarian state, Senator Robert A. Taft declared last night.

Truman, the Republican quarter-back asserted, apparently has little regard for revenue provided by the people and the necessity of cutting government spending.

"Any President except one obsessed with the panacea of government spending would have cut his budget to meet the revenue provided by the people," Taft charged.

Answers Chat
The Ohio Republican spoke to the nation in a radio address over the Mutual network from Columbus. His talk was a reply to the President's "fireside chat" Wednesday.

"Huge government spending has from the beginning been one of the essential features of Truman's program to follow the labor socialized government of England into a totalitarian state, directing the lives and activities of its citizens," Taft declared.

"It is complete nonsense to say that the government cannot cut its expense. There is not a bureau in Washington which couldn't cut 10 per cent of its personnel and be more efficient."

"An average 10 per cent reduction would balance the budget," Taft warned that our economy could be seriously endangered by an increase in taxes.

"We have reached a point where increased taxation will prevent the very prosperity necessary to produce the taxes," he asserted.

"We have come to a point where we must determine the limit of our tax burden and then cut out expenses to meet our income and pay something on the national debt. Every individual in this country has to give up things he would like to have because he hasn't got the money to pay for them. The government is no different from any individual."

Defends Congress
The senator tied in his attack on the President's budget with a defense of the 81st congress. The congress, he said, "is not a negative congress although its great merit will be that it has prevented changes which would affect the whole nature of our govern-
ment and the character of the American republic."

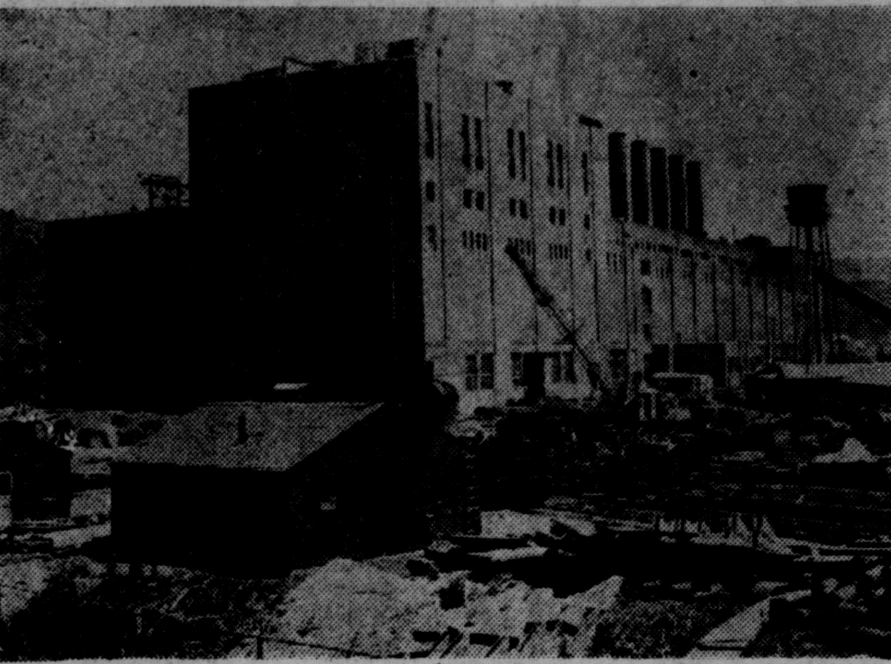

"Affirmatively," he said, "its program is:
(1) Reduce expenses and avoid a tax increase.
(2) Adopt a welfare program to give federal aid to states to help them do a better job in education, health, housing and relief. This whole program would cost about a tenth of the President's compulsory health insurance alone.
(3) Revise the Taft-Hartley act to correct those features to which sound criticism has been directed but retain its basic principles of equal collective bargaining and union responsibilities. The senate passed that kind of a bill.
(4) Maintain our aid to foreign countries but only to the extent absolutely essential to maintain peace without sacrificing the liberty and the security of the United States."

Ohio Edison Expansion Aids Salem

Salem is assured of an ample electricity supply to meet its future power requirements.

A single steam-driven electric generator that will turn out enough power to provide the needs of 11 cities the size of Salem will be in operation at Ohio Edison company's Toronto plant this August.

The power plant is located on the Ohio river at Toronto and supplies much of Salem's electric requirements.

The generator, which will turn out 80,000 horsepower, is the first of two new power units being installed at the plant, and is the largest generator in Ohio Edison's system. To manufacture electricity, the shaft of the turbo-generator will turn at a speed of 3,600 revolutions per minute. Electricity will be generated at 14,400 volts.

Largest In State
The second power unit, a duplicate of the first and with the same capacity, will be ready for service shortly after the first of the year. The addition of the two generators will make the Toronto plant one of the largest in the state of Ohio. At present, the plant is capable of turning out 234,000 horsepower.

Work was first started on the new plant addition in March, 1947. A brick and steel structure 148 by 225 feet, and the height of a 12-story building, was erected to house two mammoth units. When completed the two new generators plus the five generators in the present power house will be lined up in one long room that is 560 feet long—nearly 1 1/2 city blocks.

Giant Boilers
To manufacture steam to drive the turbo-generators, two boilers the height of an 11-story building are being installed. There will be one of these boilers for each of the turbo-generators.

Each of the boilers is made up of thousands of feet of tubing through which water flows. Pulverized coal, burning inside the boiler at a temperature of 2,700 degrees, turns the water to steam, from whence it is piped to the turbines.

Each boiler will consume 37 tons of coal per hour and will produce 600,000 pounds of steam per hour.

Ohio Edison Co. is spending \$12,000,000 on this power development at its Toronto plant. Previously the Edison Co. placed a 69,000-horsepower steam-driven generator in service in its Gorge plant in Akron last December, and a 30,000-horsepower unit in its Mad River plant in Springfield, last February.

MULLINS REPORTS ON 6-MONTH INCOME

Mullins Manufacturing Corp. Friday reported a net income of \$1,298,825 for the six-month period ending June 30, 1949, on sales of \$15,224,500. This compares with a net income of \$3,113,125 for the similar period of 1948 on sales of \$22,929,600.

Provisions for income taxes for the first six months of 1949 is \$812,000, compared to a provision of \$1,915,000 for the first six months of last year.

Earnings for the six months of 1949 is equal to \$1.05 per share of common stock.

UNION LEADER WHITNEY 76; DIES AT HOME

**Brotherhood Of Railroad
Trainmen President, 76,
Fights To Last**

CLEVELAND, July 16—(UP)—Alexander F. Whitney, 76, who rose from candy butcher on the Illinois Central railroad to a powerful labor leader, died today of a heart attack.

The short, white-haired president of the Brotherhood of Railroad Trainmen died in his bed in his fashionable home in Suburban Bay Village at 1:45 a. m. He had called out to his wife shortly before death and she was the only person with him, his secretary, Max Markey, said.

Whitney was in apparent good health up to the end, Markey said, and described his death as "sudden and unexpected."

Most Powerful

As head of 214,000 Railroad Trainmen in 1,145 lodges throughout the United States and Canada, Whitney was one of the nation's powerful labor leaders. The BRT has often been called "the wealthiest union in the country."

But Whitney probably is best recalled as the man who halted almost every train in the nation in the spring of 1946.

Along with Alvanus Johnston, head of the Brotherhood of Locomotive Engineers, Whitney called a nation-wide rail strike on May 23, 1946 that was termed "100 percent effective" by the American Association of Railroads. However, the strike was short-lived.

Under threat of government seizure and operation, Whitney called off the strike minutes before a 4 p. m. deadline, May 25, set by President Truman. Whitney was furious with the President for breaking the strike and vowed publicly to spend \$7,000,000 of his union's funds to defeat him for election.

However, Whitney who was always a staunch Democrat, made up with Truman in January, 1948 mainly because of the President's opposition to the Taft-Hartley act.

A stern and commanding figure with piercing eyes that looked out from behind rimless glasses, Whitney explained his action in smoking the peace-pipe with the President by saying at the time, "we are living in the present and the future and I have an understanding with President Truman. I do not think the public is interested in what happened two years ago."

Never Out Of Party
And Whitney added that "I've never been out of the Democratic party... I hope to die a Democrat."

Almost to the end, Whitney continued his tirades against the Taft-Hartley law which he bitterly resented. In the issue of "Trainmen News", official BRT publication, scheduled for release this Monday, Whitney had a front-page editorial condemning "the refusal of the major steel companies to cooperate with the President's fact-finding board."

Whitney wrote that this refusal "makes two things crystal-clear: That the Taft-Hartley act is an employers act... And that the steel companies are looking forward to the government's use of the injunction under the Taft-Hartley act and are therefore unwilling to make any effort to settle by the democratic processes of collective bargaining."

Car Leaves Road After Hitting Motor-Bicycle

Four persons suffered minor injuries in a motorbike-auto accident on Route 30, one mile north of East Liverpool, at 6:30 p. m. Friday, the state highway patrol reported.

Donald G. Dorsey, 16, of East Liverpool, riding the motorbike, started to make a left turn off the highway, when he was struck from behind by a car driven by Mary DiFrancisco, 28, of Jeannette, Pa.

The impact knocked Dorsey from the highway. The car left the road and dropped over an embankment. Mary DiFrancisco suffered a bruised chest and three others in her car sustained cuts and bruises.

Dorsey was unhurt.

CIO Hails Respite From Strike "Great Victory"; Board Set

PITTSBURGH, July 16—(UP)—The nation's steel furnaces roared back into production today with the CIO United Steelworkers promise of 60 days strike-free operations.

Mill workers poured through picketless gates to recharge steel-making open hearth furnaces and reheat iron blast furnaces which had been closed in anticipation of a walkout of some 375,000 workers of the basic steel industry last midnight.

CIO President Philip Murray postponed the walkout when the steel operators agreed to take the wage-insurance-pension dispute to a fact-finding board appointed by President Truman.

Basic steel production, which had been curtailed drastically as early as Thursday when a strike appeared certain, was expected to near the scheduled rate for the current week—77.8 percent of capacity—no later than Tuesday.

The men in the mills hailed the 60-day armistice period as a "great" victory for their union. Murray expressed "delight" that a shut-down was averted and said continued production had been the union's "goal from the very beginning."

Sees Solution
The grizzled CIO-USW chief said that President Truman's action makes possible a solution of the dispute between his union and the steel companies over the USW's demands for an undisclosed wage increase, broad social insurance and \$150-a-month pensions for aged and disabled workers.

Comment from rank-and-file workers indicated that the union will fight hardest for its pension and insurance demands when the case is put before the Truman board.

Two Salem Boys Sent To Prison

Two Salem youths were sentenced to indeterminate sentences in the Mansfield reformatory and the Boys Industrial school, and three others were placed on probation after hearings before Juvenile Judge Milton C. Cope at Lisbon Friday, in connection with the burglary of five places here, including three school buildings. The defendants ranged in age from 14 to 18 years.

Two other Salem youths 12 and 14 years old arrested by police and Probation Officer Cornelius Cspke Thursday night in connection with the robbery of the Corso Drive-In, the Salem Lumber and South Side Sunoco, will be given hearings before Judge Cope on Monday.

Judge Cope also placed on probation two East Liverpool youths, aged 15 and 16, in connection with the burglary of the L. & M. hardware at Calcutta. Restitution was made and both lads were probated to their parents for a three-year period.

DETROIT TO VOTE ON ANTI-RED RULE

DETROIT, July 16—(AP)—Detroit voters will decide if they want a city commission to keep tabs on the American loyalty of their 30,000 public servants.

The common (city) council agreed unanimously yesterday to place the question on the Sept. 13 city primary ballot.

The proposal—in the form of a city charter amendment—is an outgrowth of Mayor Eugene I. Van Antwerp's declared intent to keep Communists off the city's payrolls.

In general, the proposal would set up machinery for investigation of employees and a five-man commission to hold public hearings for persons suspected of disloyalty.

Beforehand, a furore had been stirred in the city hall by a charge that Detroit had 150 Communists in its employ.

This was never substantiated but it served to arouse extended discussion.

Mr. Truman's Whim

At the climax of the threatened steel strike, Mr. Truman's purely political strategy of defying the Taft-Hartley act prevailed. Rather than plunge the country into the turmoil of a needless work stoppage in a basic industry, steel management let the President win. He didn't want to use the Taft-Hartley act, so management yielded.

The fact-finding board he will appoint will be exactly the same as the one he could have appointed under the Taft-Hartley act with one vital and important exception. It can make recommendations for settling the strike. The board that could have been appointed under the Taft-Hartley act wouldn't have been permitted to do anything but furnish information.

This is vital because Mr. Truman has the privilege on naming the members of the board. Its members can put any interpretation they choose on the "facts" they find. Moreover, they can hand-pick the facts. If a board appointed under these circumstances were to be anything but partial to the faction with which Mr. Truman is playing most of his presidential politics, the people of the United States would be surprised. They don't expect to be surprised—not where presidential politics is concerned. Everything in that category is easily predictable. For better or worse, the White House is wedded to the proposition that the bosses of the big labor unions should be a law unto themselves. He will do nothing to offend them.

Naturally, everybody is glad that there will be no steel strike this summer, everybody hopes there won't be one next fall or winter either. But gladness in tempered with misgivings. How much longer can the United States maintain a government based on laws instead of the whims of men when the whim of one man in the White House is more important than the spirit and letter of the law governing labor-management relations?

Cleaning Out The Hopper

The 98th general assembly has made its imprint on the Ohio general code and will mark time until final adjournment July 29.

Each time the general assembly cleans out the legislative hopper and leaves Columbus there is occasion to wonder about government at the state level.

It is under the handicap of widespread popular preoccupation with government at the national level. There is more interest, for example, in debates about long-range policy in the United States congress than there is in debates about matters of interest in Columbus.

Many proposals with direct bearing on the affairs of Ohio residents are made and considered without the benefit of public attention. Even the state budget, which now has reached the unprecedented total of \$647,122,744, is not given the benefit of close attention.

At the same time, it isn't uncommon for Ohioans to be widely concerned over such trivialities as legislation changing the status of Bob Whites from songbirds to game birds—an inconsistency explained by the fact this kind of proposal can be comprehended more easily than more important proposals dealing with complex problems.

The 98th general assembly, which may or may not have further occasion to meet by executive order, is certain of one distinction. It has set a new record for longevity—26 weeks. It also has set a probable new record for the largest appropriations, but in these days of inflated budget that hardly qualifies any more as a distinction. To those who view the budget with alarm it is small comfort to realize that it might have been a great deal larger if the general assembly had remained in session another week.

Lynchers

It's still possible, after events should have settled all doubts, to run across an American who doesn't understand the hideous threat of the Ku Kluxers in the United States.

This is because the relationship between terrorists who ran amuck in Russia, Germany, Italy, Japan and other countries which were victims of brutalities and terrorists threatening to run amuck here at home never has been understood. It's because the Ku Kluxers continue to be thought of as something indigenous to the American way of life, like pumpkin pie or ham and eggs, instead of as something that may crop out any where in the world—wherever people decide to gang up on other people they don't like.

Under lynch law, as practiced in pioneer days, lynchers at least had the benefit of either the absence or the breakdown of legal authority to justify terrorism. That hasn't been true of the Ku Kluxers in this generation, though it gave momentum to the original Civil war movement. The Kluxers addicted to lynch tactics in defiance of constituted authority. They are the American counterparts of the Nazi terrorists of Germany, the castor-oil gangs that flourished under Mussolini and the assassins who seized control of the government of Japan.

THE STARS SAY:

For Sunday, July 17

By GENEVIEVE KEMBLE

SUNDAY'S astrological forecast is for a pleasant, lively and prosperous condition in affairs of heart and home. Social, cultural, domestic and affectional matters may engage the attention, bringing popularity and joyous celebrations. However, there are hints of suspicion, jealousy and hurt feelings if poor judgment or over-emotional stimuli be permitted to undermine very auspicious aspects. For happiest results keep within bounds of reason, common sense.

For the Birthday

Those whose birthday it is, have excellent promise of a prosperous, pleasant and fruitful year, in business, employment and domestic relations, in which there may be full measure of gratification and gain. Nevertheless the judgment or ability to see things through on rational lines may complicate affairs, especially should jealousy, suspicion, impetuous moves be indulged. Loss of funds, prestige or perhaps health could result. Keep alert to duplicity or over emotional entanglements.

A child born on this day, while sociable, agreeable, attractive, with many social or cultural abilities, may invite regrettable entanglements through poor judgment, suspicion or jealousy.

For Monday, July 18

Monday's horoscope holds conflicting auguries. While affairs of major importance are to the fore, coming up for wise, practical and constructive efforts, perhaps against odds, there may be insurmountable obstacles, opposition or want of co-operation from promised places. Lack of working capital, or of the prestige of higher-ups, may discourage. Yet a well-planned course of action, studiously and basically manipulated, even on new or experimental lines, in the long run might accomplish surprising and permanent results. A "go-it-alone" policy, faithfully pursued, might bring spectacular returns.

For the Birthday

Those whose birthday it is, are likely to encounter impediments, obstacles and lack of support, with promises broken, funds withheld and other limitations and discouragements. However, egged on by enthusiasm, fresh ideas or novel plans or ambitions, with sound judgment impelling creative ideas, strict adherence to principles, persistent and indomitable will to win, sensational returns could "cap the climax." Radical change might follow, with a measure of public acclaim to offset major frustrations. Exceptional talents and initiative could win against many detriments.

A child born on this day has excellent promise for exceptional success in new fields, and with originality, splendid creative ability, enthusiasm and determination, diligently executed, he could attain outstanding success and prestige.

There are medical as well as reasons of modesty involved . . . sunburn and eyestrain can both be painful.

French girls can be excused for adopting the style . . . they have to do the best they can with the materials and men available.

Guarding Your Health

By DR. HERMAN BUNDESON

WONDERFUL as it is, penicillin won't do everything. There are certain germs—and hence certain diseases—against which it is powerless. For this reason, biochemists are constantly on the hunt for new antibiotics which can be used where penicillin

fails. Antibiotics are substances which stop the growth of germs.

One of the newest to be added to our growing list is aureomycin. It has been tried out in a number of diseases which other antibiotics have not helped in any significant degree. One of these is Q fever.

Loss of Appetite

In this disorder there is a loss of appetite and weakness, in addition to an elevated temperature. The disorder may be contracted from the use of unpasteurized milk. In some areas of the United States, widespread epidemics have occurred during recent years.

Most of the patients treated with aureomycin were over 25 years of age and the majority were over 30. All had been ill for four days or longer. In practically all instances, the temperature had risen to 104 degrees. A few of the patients were treated by giving them injections of the aureomycin into a muscle. Two of these showed prompt improvement with the return of the temperature to normal within three days. Three other patients improved but not to as great an extent, while one patient was not benefited.

Given By Mouth

This method of administering aureomycin was not considered as effective as when it was given by mouth. This was the method used in the majority of those treated. In this group every patient showed improvement within 48 hours by the return of appetite and a great drop in the temperature. In some instances, the use of the drug was stopped 24 hours after the temperature became normal. In most cases, the patients had a normal convalescence. However, in two instances, after the drug was stopped, the fever recurred, so that further administration of the aureomycin was necessary.

In five patients, the Q fever had

been present for periods varying from 23 to 77 days. While being treated with aureomycin, four of these patients improved promptly, while the fifth was not helped.

Aureomycin does not seem to cause reactions of any particular note. Occasionally, there is a feeling of fullness in the stomach, with sickness at the stomach, and vomiting. Now and then there may be an itching rash.

These studies on aureomycin would seem to indicate that it is effective in Q fever. Since this disorder is becoming much more common, it is fortunate that such treatment is available.

M. B.: My mother had a coronary heart attack two months ago. Can she recover from this completely?

Answer: Coronary heart disease causes permanent damage to the heart. However, with proper regulation and sensible living habits, strain on the heart can be avoided and life can be maintained to its normal, average span.

LESS WHEAT DUE UNDER NEW PLAN

Agriculture Department Lays Plans For 1950 Farm Production

By OVID A. MARTIN
WASHINGTON, July 16—(AP)—A 1950 production program calling for less wheat but more meat animals and dairy products was laid before the nation's wheat farmers by the government today.

A declining foreign market for wheat makes it advisable, Secretary of Agriculture Brannan said, that farmers plant 14,000,000 fewer acres to wheat for 1950 harvest than the nearly 83,000,000 seeded for this year's crop.

The acres taken out of wheat should be put to grass and pasture for grazing of beef and dairy cattle, sheep and lambs, he said, because consumers need more of the latter products.

Under the 1950 program, each farmer will be given a share of a national wheat planting allotment of 68,900,000 acres. His share will be based upon his past production history.

While the allotment is about 17 per cent below this year's acreage, the reduction for individual farmers will vary somewhat from this national average. Areas which greatly expanded their acreages since the war will take a larger cut than others.

Compliance with an allotment is not required by law. However, only those farmers who do comply will be eligible for direct price support aid on their 1950 wheat. The price support program is expected to assure complying farmers an average of about \$1.85 a bushel.

Failure of farmers to comply, Brannan said, might well bring on a glutted wheat market, disastrous price breaks and an undue burden on the price support program.

Furthermore, he said, overplanting of the allotment might force the government to invoke rigid marketing quotas on the grain in later years. Quotas put a mandatory limit on the quantity a farmer can sell, except on payment of a penalty equal to about half the support rate.

But for a reduction in this year's wheat crop prospects during June due to unfavorable weather, quotas would have been proclaimed for the 1950 crop, the secretary said. Nevertheless, the 1949 crop is now indicated to be the third largest of record.

Brannan said farmers must not mislead themselves into thinking that they have an unlimited market for all the grain they can produce. Big post-war foreign markets, which were based upon shortages in devastated areas are shrinking, he said.

LEETONIA

Plans are being completed for the DanDee Special which will take residents of Leetonia and Salem to Cleveland on Sunday, Aug. 28, for the doubleheader ball game between Boston and Cleveland. Michael Burick is in charge of the arrangements. A special train on the Pennsylvania railroad together with entertainment and refreshments on the train are being arranged.

The village fire department answered a call Thursday about 4 p. m. to extinguish a grass fire on Betz st.

Mrs. Carl Armstrong entertained the Friendship club at her home in Lisbon Thursday afternoon.

Veteran Newsman Dies of Heart Ill

OKLAHOMA CITY, July 16—(AP)—Walter Morrow, 54, widely-known newspaperman, died last night of a heart ailment.

Morrow started newspaper work as a cug reporter for The Daily Oklahoman here in 1919.

Twenty years later he became editor-in-chief of the southwest-ern group of Scripps-Howard newspapers.

His last newspaper job was editor of The Columbus, Ohio. Citizen in 1942. He later became manager of the American Retailers association in Washing-ton.

During depression days, he con-ducted what he called the Mor-row plan—a parody on the pen-sion schemes typified by the flo-gan "thirty dollars every Thurs-day." Morrow's own slogan was

"retire at birth."

After the war, Morrow said his "plan could not begin to com-pete with some theories seriously advanced to cure postwar eco-nomic ills.

He spent his early Oklahoma newspaper days with The Daily Oklahoman, The Ponca City News, Okmulgee Daily Times, Oklahoma City Times and McAl-ester News-Capital.

In 1923, he left the state and joined the Scripps-Howard News-papers. He held executive posi-

tions on seven newspapers in-cluding The Memphis Press-Scimitar, Pittsburgh Press, Lan-sing, Mich., Capital News, New York Telegram, Buffalo Times, Cleveland Press and Akron Times-Press.

Morrow had been in ill health for the past two years.

Church Women's Federation Has Picnic, Elects Officers

Mrs. J. C. Pottorf of the Presbyterian church will guide the activities of the Federation of Salem Church Women for 1950. She was elected president at the annual picnic meeting Friday in Centennial park, succeeding Mrs. L. E. Beery of the Christian church.

Other officers are: Vice president, Mrs. Michael Binder, Jr., Emmanuel Lutheran church; secretary, Mrs. Harold A. Zealley, Methodist church; treasurer, Mrs. Fred L. Blevins, Baptist church.

Talk Given
Mrs. Zealley, main speaker,

gave an excellent talk on "Women's Influence." Stressing the thought that Christian women are a force when they speak in a united voice, the speaker pointed out that through a united effort women can have tremendous influence in both community and national affairs. "Political parties recognize women's influence," she said.

Mrs. Zealley showed the individual influence of women back in Bible times, referring to Eve, mother of the human race; Sarah, wife of Abraham, father of the Hebrews, and Deborah, the judge.

Mrs. John Bauman of the Emmanuel Lutheran church, directed group singing, with Miss Hilda Franke, Holy Trinity Lutheran church, at the piano.

Miss Betty Jane Courtney, theological student at Yale university, who is assisting with pastoral work at the Christian church this summer, conducted the worship service.

Fifty-five women attended, representing eight denominations.

The 1950 annual meeting will be held in September, instead of July as has been the custom in the past.

Crawfords Hold Sunday School Party

On Thursday evening 20 members of the Junior Loyal Boys and Girls class of Phillips Christian church met at the home of Doris, George and Arlene Crawford, Fairview rd.

Guests of the class were William Jackson, Richard Reed, Edward Wheeler, William Yengling, Vera Libert and Virginia Sabec. Joan Hrovatic, president, was in charge. At roll call the members named a book of the Bible.

A ball game highlighted the entertainment and refreshments were served.

The Aug. 11 meeting will be at the home of Miss Hrovatic, Lisbon rd.

MARRIAGE LICENSES

Frank K. Greenisen, 24, salesman, and Donna Jean Smith, 18, Salem.

Carl Lamont Kibler, 18, machinist, and Betty June Powell, 18, Salem.

Mr. and Mrs. Arthur Shinn of South ave. and her mother, Mrs. Charles Renkenberger of Perry st., returned Friday from West Palm Beach, Fla., where they were guests of Mrs. Renkenberger's brother, Joseph Long. They also visited at Key West.

George J. Bunn and daughter, Mary, Cleveland st., left Thursday on a vacation trip to Estes park, Colo.

Rebekah Officers Are Named

Mrs. Lucille Halverstadt Plum of Alliance is the new president of District 28, Ohio Rebekah assembly, which held its annual session here Friday afternoon and evening in the IOOF hall, with members of Home lodge hosts.

Mrs. Plum succeeds Mrs. Ray Pearce of Salem, who officiated at the afternoon session, which was given over to a school of instruction.

State President Laura Milner of Springfield and State Secretary Anna I. Henderson of Columbus were among the nearly 200 women in attendance.

The women represented seven lodges, Salem, Columbiana, Sebring, East Palestine, Alliance, Lisbon and Leetonia lodges, which comprise the district, and included guests from East Liverpool, Warren, Niles, Youngstown and Canfield.

Home lodge exemplified the Rebekah degree on eight candidates. The lodge was given a rating of "Excellent" by the state president.

Corsages and gifts were presented to the state officers, with Mrs. Frank O. Heston of the local lodge making the presentation.

Dinner at 6 was served in the Presbyterian social hall. Pink and green tones, the lodge colors, predominated in the beautiful table trimmings. Favors were miniature pink plastic baskets filled with mints.

Mrs. Martha Bert of Sebring was elected vice president.

The 1950 convention will be held in Alliance.

Announce Engagement Of Marilyn Ann Miller

Mr. and Mrs. John Miller of Philadelphia, Pa., former Hanover residents, recently announced the engagement and approaching marriage of their daughter, Marilyn Ann, to Jack Best, son of Mr. and Mrs. James Best of West Gate Hills, Philadelphia, an event in August.

Marilyn Ann is well known in this vicinity through her many visits here and is the granddaughter of Mrs. Louise Miller and Mrs. Sallie Sloss.

Mrs. Thomas Hostess To Legion Group

An informal social time was enjoyed by past presidents of the American Legion auxiliary when they were guests of Mrs. Wilford Thomas Friday evening at her home, W. State st. Lunch was served.

There will be no August meeting and the September session will be at the home of Mrs. W. J. Seeman, E. State st.

LET'S EAT!

FOR COOL COOKING—Tuna fish mold makes the perfect main dish for hot weather.

By GAYNOR MADDOX
MOLDED fish or meat molds solve the hot weather main course problem. Delicate, wholesome and attractive, they can be made early in the day when it is cooler and kept ready in the refrigerator. Served with hot vegetables and a fruit dessert, these protein molds ease hot weather kitchen work.

Tuna Fish Mold
(6 servings)
One envelope unflavored gelatin, 1 cup milk, 2 eggs yolks, ¾ teaspoon salt, 1 teaspoon prepared mustard, ¼ teaspoon Tabasco, 2 tablespoons mild vinegar or

lemon juice, 2 cups flaked tuna fish, 2 tablespoons diced pimiento, ½ cup diced celery.

Softened gelatin in cold milk in top of double boiler. Put over boiling water and stir until gelatin is dissolved. Combine the egg yolks, salt, mustard and Tabasco and beat slightly. Add small amount of milk to the egg yolk mixture and return to double boiler. Cook over hot, not boiling, water, stirring constantly, until mixture thickens.

Remove from heat; cool. Stir in lemon juice, flaked tuna, pimiento and celery. Turn into 7x3½-inch loaf pan and chill until firm. Unmold and garnish the top with sliced stuffed olives. Arrange tomato wedges and cucumber slices around mold.

Jellied Meat Loaf
(6 servings)
One envelope unflavored gelatin, ½ cup cold water, 1½ cups hot water, 2 bouillon cubes, ¼ teaspoon salt, 2 tablespoons lemon juice, 1½ cups finely diced cooked meat (use cooked ham, veal, chicken or luncheon meat), ½ cup finely diced celery, 1 teaspoon horseradish, 2 tablespoons diced pimiento.

Softened gelatin in cold water. Add hot water, bouillon cubes and salt and stir until dissolved. Add lemon juice. Chill until mixture is the consistency of unbeaten egg whites. Stir in the meat, celery, horseradish and pimiento. Turn into loaf pan or individual molds and chill until firm. Unmold and garnish with lettuce and serve with mayonnaise or French dressing.

For a dinner menu, serve jellied meat loaf, parsley, new potatoes, green beans and almonds, cucumber and carrot sticks, radishes, mixed fresh fruit, coffee, milk.

Wilson Reunion Held In Newton Falls

The 11th annual Wilson reunion was held Sunday at the home of Mr. and Mrs. H. Brent Thomas, Newton Falls. The lawn at the Thomas home made an attractive setting for basket dinner. There were 54 in attendance.

The business meeting was in charge of Joseph Wilson of Hanover. New officers were elected for the year. They are: President, Albert Thomas of Willoughby; vice president, Glen Fair of Salem, and secretary, treasurer, Mrs. Albert Thomas of Willoughby.

The 1950 reunion will be held on the second Sunday in July, at the home of Mr. and Mrs. Leslie Whinnery, of R. D. Salem.

Groves Family Plans Sunday Reunion

Prizes will be awarded the oldest person present, the youngest person present and the couple with the largest family at the annual reunion of the Groves family Sunday in Centennial park.

A baseball game between the Girl Red Caps and the men attending the reunion will be a feature.

Mrs. Ava Groves Lottman is president of the association and Mildred Loudon is secretary-treasurer.

4-H Club News

Silver Thimbles

Plans were made for a party Friday evening, July 22, in Salem grange hall, when members of the Silver Thimble 4-H club met this week at the home of Barbara and Patsy McFadden, Lisbon rd. Plans were also discussed to attend a Cleveland baseball game.

Vacation plans were talked over at roll call. Barbara McFadden gave a pattern demonstration, while her sister, Patsy, demonstrated how to make an angel food cake. Afterwards she served it to her guests.

Group singing and games composed the program of entertainment.

Two visitors were welcomed. The July 26 meeting will be at the home of Joann Hrovatic, Lisbon rd.

Mrs. H. E. Smith and daughter, Emmabelle, of Titusville, Pa., have concluded a visit with Mr. and Mrs. Harry Lawrence, S. Ellsworth ave.

Mrs. Ruby Holloway of Norfolk, Va., is visiting relatives and friends here.

Mr. and Mrs. F. L. Blevins of Newgarden st. are returning home this weekend from Canada, where they have been on a three-week vacation.

Class Plans Outing

Members of the Gold Star class of the Christian church will meet at 2:30 p. m. Sunday at the church and go from there to the summer home of Mr. and Mrs. James Semple, Lake Milton. A picnic lunch will be served.

Mr. and Mrs. R. C. Eckstein and son, Jesse Paxson, Franklin st., and Misses Mary and Maude Herbert, Newgarden st., have returned from Lakeside, where they spent a week.

Betty Jane Ritchey of S. Lincoln ave. will leave Sunday for Alliance to spend a week with her uncle and aunt, Mr. and Mrs. Russel Ruff.

Mr. and Mrs. William Sponseller, Mr. and Mrs. Homer Reese and Mr. and Mrs. P. A. Presco have returned from a vacation trip to Pickering river, Canada.

The condition of Mrs. Cora Reed, W. State st., who is ill, remains serious.

Through The Years With Salem

The First Stage Coaches, 1830

Little old Salem swelled with pride in 1830 when stage coach service was inaugurated between Wellsville and Cleveland, for the town was named a relay point, and its own Zadock Street had been an important figure in the establishment of the line. Local headquarters was at William Heacock's "Sign of the Buck" Inn, and travelers from far and near were loud in their praise of the accommodations of the hostelry. Thrilling and exciting to every boy, and to most of the elders, too, was the sight of the magnificent equipage rolling grandly into town to the accompaniment of the coachman's horn. It was customary for drivers to enter and leave town at a gallop, and though fine for spectators it was a little rough on passengers. The approximately 100-mile trip from Cleveland to the Ohio Valley took 24 hours on the road, cost the passenger \$4.

Today, a comfortable bus, rolling over smooth highways, takes about four hours for the trip, and costs \$2.30. Today's fare represents about two hours work for the average employee, compared with the more than four days' work he had to put into a ticket back in 1830. Our American system isn't perfect yet, but it gives us more money for our work, and more goods and services for our money, than any other system the world has ever known.

CLEVELAND TRUST SEES RECESSION STILL ON DECLINE

CLEVELAND, July 16—(UP)—"For business activity as a whole, the recession still has some distance to go before reaching the turning point," the Cleveland Trust company said today in its monthly business bulletin.

The Cleveland Trust likened the present business decline to "sliding down hill until a valley is reached and beyond the valley is another hill, representing recovery."

In the first half of 1946, the company said, nearly all industries were headed up the first hill, while so far in 1949 the same industries have been going down the other side.

The bulletin pointed out that five industries, of seventeen industrial groups, had reached their peaks by mid-1947, and that by the middle of 1948 five more had done so. The Bulletin continued that from this "piecemeal readjustment it was reasonable to assume that those industries which had reached their peaks first would be the ones to get into the 'valley' soonest, before starting their march back uphill."

The first group of five industries to reach their highs were leather and shoes, rubber products, non-ferrous metals, stone, clay and glass products and alcoholic beverages, the bulletin said, and with the possible exception of shoes and leather, the recent trend in these industries has been down with the same trend discernible among the second group of five.

The other seven, the financial publication said, were the chief supporters of the final stages of the rise in over-all industrial production last year and five of them, including steel, have now joined the downward procession.

Khan, Churchill Most Attractive

NEW YORK, July 16—(INS)—The last census lists 66,061,592 men in the United States—and according to Miss Lisa Lengyel, nary a one can match the "personal attractiveness" of balding Prince Aly Khan and paunchy Winston Churchill.

Miss Lengyel is director of something called "The Institute for Study and Development of Male Magnetism." She and her board of directors have selected "the ten most magnetic males in America."

The list includes Joe DiMaggio (sports), Bernard Baruch (society) and Franklin D. Roosevelt, Jr. (politics).

But neither these three, nor any other man in all the U.S. can rival Rita Hayworth's hubby and the British statesman in "personal attractiveness."

But Miss Lengyel has cheering words. In the past 12 months she opines, the American male has made "great magnetic progress." Further, she says, the average American male "has much more magnetism" than average men elsewhere.

Win Or Lose Today, The Tribe Will End Series In Second

But Unbeatable Yankees Go Right Along; Broken Arm Hurler, Fowler, Wins

CLEVELAND, July 16—(AP)—Win or lose in the series final against the Philadelphia Athletics today, the Cleveland Indians still will be in second place, but the seemingly unbeatable New York Yankees go along in first like Old Man River.

In one of the poorer home exhibitions of the season last night, the Tribe bowed before "Broken Arm" Dick Fowler, 8-0. The loss sent them 6½ games below the Yankees, who again pushed over the St. Louis Browns.

Fowler, throwing like it hurt (it probably did), allowed the madly swinging Tribe only seven hits. He struck out three desperate hitters and walked three. He did not hit an Indian, but so soft were his butterfly pitches it is doubtful they would have hurt anyway.

Losers in the one-sided fracas was Bob Feller, who was removed after allowing five hits and four runs in five and one-third innings. It was his seventh loss and plunged him once more below the .500 mark. He has won six.

Fowler, a victim of bursitis, has paralyzed the painful shoulder ailment into a pitching style good enough for nine victories, three of them in a row over Cleveland.

He takes a short windup and lobs the ball plateward. On-lookers might fear for the health of Philadelphia players should someone connect with one of the sucker tosses, but seldom are they hit hard.

In last night's game, the Indians made only one extra base hit, a double by Jim Hegan. Seldom did they hit the ball sharply. Six of the outs were popups. Four others were soft flies to the outfield.

Most of the other outs were supplied by Indians who obligingly tried to murder the giant hurler's knuckler and other "junk" and bounced the ball to waiting Athletic infielders.

One ball was hit hard enough by Hegan to bounce off Third Baseman Hank Majeski's knee and force the squat power hitter from the game.

Another hard hit ball ruined one of the Tribe's few scoring opportunities. It was supplied by Joe Gordon with men on first and third and one out in the eighth.

The hot liner was neatly speared by Second Baseman Nelson Fox and relayed to Ferris Fain for a double play.

An attempt by Larry Doby to make second on a single to center did not help the Tribe cause, either. With Philadelphia leading 6-0 in the sixth, the fleet Doby singled with one out but

HOWIE POLLET GIVING CARDS PENNANT HOPES

Is Leading Pitcher In National; Repays Faith By Boss Dyer

By JACK HAND (Associated Press Sports Writer)

Howie Pollet, who peddles insurance for Skipper Eddie Dyer in the winter, is selling many National league fans a pennant policy on the St. Louis Cards.

The slim left-handed pitcher is helping Boss Dyer meet his premiums as Card manager with a fine 12-5 record that makes him top winner in the league.

Dyer has been criticized freely for stringing along with his veteran players. Pollet, because he showed nothing in 1947 and only fair stuff last season, was an open target. Eddie never gave up on Howard.

Pollet didn't let Dyer down either. Starting May 14 he edged Pittsburgh and then lost a heart breaker, 2-0 to Brooklyn.

Since that loss to the Dodgers he has been a whiz, winning 11 of 13 including three shutouts over Boston, Chicago and Philadelphia.

Knowing that Brooklyn already had protected its lead by whacking Cincinnati in an afternoon game, 11-5, Pollet took the hill last night in Philadelphia. A win was a must for the Birds.

Pollet and Robin Roberts hooked up in a 0-0 duel. It went down to the seventh with no score until Pollet's single drove home Eddie Kaskaz who had walked. Joe Garagiola's single had moved Kazak around into scoring position. That was all the scoring of another 1-0 game.

Brooklyn's lead remained at 1½ games because the Dodgers helped Don Newcombe hobble home to his seventh win with homers by Tommy Brown, Roy Campanella and Jackie Robinson.

Warren Spahn of Boston, victim of four unearned runs in the first inning of Tuesday's All-Star game, had errorless support from the Braves in his 6-1 win over Chicago. Spahn hit a two-run homer in the second off Warren Hacker.

The Pittsburgh-New York game was rained out and rescheduled to make a doubleheader today.

Another shutout pitching job stretched the New York Yankees' American league lead to 6½ games. Eddie Lopat blanked the St. Louis Browns, 6-0, while runner-up Cleveland lost to Philadelphia 8-0.

Yogi Berra, who never hit a home run in his home town of St. Louis, finally made the grade with two blasts while Lopat turned in a five-hitter.

The A's knocked Cleveland's Bobby Feller out of the box, ruining his five-game win streak with an 8-0 pasting. Dick Fowler, supposedly troubled by a sore arm, made the world champs look bad with a seven-hitter that broke a Tribe four-game win string.

Boston's fancy eight-game win spurge was halted by Detroit on a four-run rally in the ninth inning, 8-7.

Washington came up with a big eighth inning, scoring six runs to dump Chicago, 9-4.

DAYTON—Lester Felton, 143, Detroit, outpointed Vince Turpin, 144, Canton, O., 10.

Youngstown Public Linkster Plays For Ohio Amateur Title

By FRITZ HOWELL

MANSFIELD, July 16—(AP)—Ohio's 43rd amateur golf championship was up for decision today, with a private clubber battling a public linkster for the crown.

Richard E. Evans, six-foot four-inch 18-year-old University of Michigan Sophomore from Shaker Heights, carried the private club banner into the 36-hole fray over Westbrook Country club, while 25-year-old Vince Leskosky of Youngstown held the hope of the fee course crowd.

No public links entrant has ever topped the James M. Cox trophy, emblematic of the state's amateur championship. But handsome Leskosky was no worse than an even choice to turn the trick.

The straight-hitting apprentice linesman for Ohio Edison is under par for the tournament, clipping five strokes off the card yesterday as he won his quarter and semi-final matches.

He dumped Pete Dye, 23-year-old Ohio Northern university student in the quarter finals, one up in 19 holes. Then he swept over

Veteran Eddie Mesiter of Cleveland by 3 and 2 in the semi-final clash.

Leskosky came from behind in each match, his perfect putting touch carrying him to victory. This is his first Ohio amateur, and he's now four days overdue returning home from a two-day vacation.

The Youngstown, who spent 38 months in the Army Signal corps, took only a two-day layoff because he didn't expect to qualify in the 36-hole medal play test.

After winning his first three matches he checked out of his hotel yesterday morning because he thought he'd miss out in one of the day's matches and could head home—but he's still here and fighting for the top prize.

Evans, who learned the fundamentals of golf from Professional Fred Haas of New Orleans before moving to Ohio four years ago, failed to qualify for match play the last two years in the Ohio amateur.

Yesterday, however, he ousted Mansfield's public links choice, 30-year-old Pete Thoma, one up in 20 holes, and then defeated the host club's champion, Al Hagler, 2 and 1, in the semi-finals.

The fishing at Westville lake during the past ten days was not too good, but they are starting to get good catches again. Bill Kelly, Alliance, caught his limit of 20 large blue gills late Thursday afternoon.

L. A. Semonin of Akron just came in with eight large bluegills and seven perch. He is a fly fisherman.

The still fishermen were fishing nine to twelve feet deep. Grubs are most attractive at the moment.

Amvets Battle Sunday Against Boardman A. C. Boardman A. C. will provide the opposition for the Salem Amvets hardball team at 2:30 p. m. Sunday at Scott's field, east of the city.

The locals will probably pitch Buster Wukotich. The Amvets defeated the Youngstown Saffrons in a game here Wednesday night.

Alessi Goes To W. Virginia MARTINS FERRY, July 16—(AP)—West Virginia university is going to get one of Ohio's star high school basketball players. He is Ken Alessi, outstanding scorer at Yorkville, Ohio, High school last season.

Alessi said yesterday he chose West Virginia university over some 45 other colleges.

Alessi averaged 38 points per game in his senior year with Yorkville, scoring 1,168 points in 31 games. In a single game with Shadyside, O., he scored 70 points.

Wins Fight DAYTON, July 16—Lester Felton, 143, Detroit, won a unanimous decision over rugged Vince Turpin, 144, Canton, in their 10-round bout here last night.

It was Felton's 31st victory in 33 professional fights, while for Turpin it was only the fifth defeat in 47 bouts.

Felton scored the only knockdown when he dropped Turpin with a right to the head in the second round.

CELLAR DWELLERS JOUST IN CLASS A; DEMOCRATS GAIN

Jaycees Improve Hopes With Win Over Swetys; Mullins Triumphs

The boys from the bottom of the two Class A softball leagues had their evening at West End park Friday, and the results were good medicine for the fans.

The games were close and for the most part, interesting.

The Democrats in the American loop improved their status with a sound 3-1 victory over the National Sanitary and in the other American league game the lowly Jaycees improved their morale with a 10-4 win over Swetys, another outfit plagued with losses this season.

The only National league tilt saw the Mullins aggregation whip the Lisbon VFW 3-0 in a well-pitched fray from both angles.

Lisbon was put down with only two hits and Jack King turned in another of the games he can twirl when things are right. Mullins only hit six times, but they made them count.

The Democrats now boast a 7-5 record and a few more percentage points than the National Sanitary with an 8-6 record. The win moves the Trumanites into fifth place.

The Jaycees, despite their victory over the Swetys club, remain in the lowest spot, but there's hope.

In Class B games yesterday Corso's Drivens defeated Seelys 5-1 and Wattersons won over the Lions 7 to 4.

Bliss Losses 2-1 In Fray Against Lakewood Nationals

A ninth-inning run by the Lakewood Nationals nipped the W. Bliss Co. softball team 2-1 in a night game played at the Lakewood Elks diamond, Friday night.

After a thrillingly tight ball game, which wasn't tied up 1-1 until the eighth, the home outfit managed a final run in the last half of the ninth to wrap up the victory.

Salem led in the tilt 1-0 after the fifth inning. The run was scored after Peanuts Debnar singled, Vince Moore walked and both advanced on Harry Ehrhart's sacrifice. Pitcher Johnny McQuiston drove in the run on a fielder's choice.

McQuiston's hurling, incidentally, was superb. He pitched six innings, allowed only two hits, fanned three and issued one base on balls. The loss was charged to "Mutt" Schaeffer, who relieved McQuiston in the seventh. Schaeffer was touched for four hits, fanned three and walked none.

Debnar was the big hitter for Salem, wacking out three safeties in four trips to the plate. The Lakewood run in the ninth scored on a questionable play. Buchanan led off with a double, which Vince Moore lost in the lights. Gerber promptly singled on a and on a decision at first was called out for interference against Walter Brian. Meanwhile, Buchanan scored from third on the interference play.

The umpires failed to send Buchanan back to third, which Salem contended should have been done.

Salem left five on base and Lakewood four. Lakewood will appear in Salem on Sunday, Aug. 14 in an afternoon game at West End park.

\$96,000,000 IS CITIES' FUN BILL

Young And Old Play In Varied Activities On City Taxes

NEW YORK—Cities are stressing recreation more than ever to aid Americans in their pursuit of happiness, and health.

Several hundred opened new facilities for recreation in the last two years. They range from soft-ball diamonds, playgrounds and tennis courts to wading pools, drama groups, and arts and crafts classes. The fastest growth is in more activities for older people.

New funds in facilities, leaders, and funds spent on recreation in 1948 are reported in the Recreation Year Book just issued by the National Recreation Association. Expenditures for community recreation in 1,635 cities in the

U. S. and Canada exceeded \$96,000,000. Taxes and other funds paid 88 per cent of the bill. Nearly one-third went for leadership salaries. Sixty-seven cities passed recreation bond issues totaling more than \$21,000,000.

Paid Leaders
There were 48,548 men and women employed as recreation leaders, and 5,899 had fulltime, year-round jobs. Another 89,234 volunteer workers pitched in. Men outnumbered women in both paid and volunteer leadership.

Playgrounds and indoor centers with leaders present drew 465,000,000 children and adults during the year. Swim centers had nearly 162,000,000 customers. Tennis players used 11,964 public courts, and there were nearly as many softball diamonds. There were more picnic areas than baseball diamonds, and almost as many ice skating rinks.

Archery ranges, shuffleboard courts and bowling greens attracted people seeking mild exercises. Children and young adults received 13,520 outdoor playgrounds,

one-quarter of which stayed open all year. School buildings made up more than half the 8,561 buildings used for community recreation. These were headquarters for many of the forms of crafts, music, drama, nature activities, and hobbies.

Activities for older folks showed the greatest relative growth. Last year 404 cities provided such programs, compared with 264 in 1946.

A majority of the cities reporting have separate recreation departments. Eleven out of every 12 had unpaid citizen boards.

Kill Bill Raising Ohio Teachers' Pay

COLUMBUS, July 16—(AP)—The bill to provide \$27,500,000 in state funds for school teacher pay raises apparently was killed Friday in the house rules committee.

The committee refused to bring the measure to a vote of the house. Gov. Frank J. Lausche recently expressed opposition to the bill on the grounds that no funds were available.

The committee's action in blocking a vote on the bill brought immediate repercussions on the house floor with several of the representatives who favored the bill retaliating by opposing other bills up for action.

Rep. Carl Baker (D-Crawford) publicly announced that he was voting against another minor school bill in protest against the committee's refusal to act.

Require Two Permits
Legislative action was completed today on a bill to require duplicate fees and permits from hotels and similar establishments which have more than two permanent bars.

Under provisions of the bill, which now goes to Gov. Lausche, an establishment serving liquor may have two bars on the same premises covered by a single li-

CHEESECAKE CLAUSE
Peggie Castle expects to pose for many pictures like this in the future. A newcomer to Hollywood, she recently signed a long-term contract with a special "cheesecake clause." The new clause, which reportedly will be written into contracts for all new female actresses, requires that they display their "charms" in publicity photos as well as on the screen.

quor permit. A separate permit would be required, however, for each additional permanent bar.

Power of Suggestion
WELLESLEY, Mass. — When the one-word sign "NO" failed to keep pedestrians off a Wellesley college lawn, groundkeepers decided to try a more personal approach. They replaced it with a new sign that read "I want to be a lawn."

Traffic has increased 41 per cent in Nebraska since 1937.

Reverse Stand On Girl's State Head; Will Go To Capital

COLUMBUS, July 16—(AP)—The American Legion auxiliary reversed its stand last night and decided to send Joan Rankin, 16-year-old Negro girl to Girls' Nation in Washington.

The action was taken at a special meeting of the board of directors of Buckeye Girls' State. The meeting was requested by Carl W. Smith, Ohio department commander of the American Legion.

The attractive Cincinnati girl had been the center of controversy for almost a month since shortly after her election as governor of Buckeye Girls' State. Usually, the girls' state governor is one of two girls selected to represent Ohio at the national meeting.

Explain Misunderstanding
The auxiliary, through Mrs. C. W. Zellers of Gibsonburg, director of Buckeye Girls' State, announced however, that Miss Rankin would not be sent to Washington because of social "embarrassment" she might encounter there from racial discrimination.

Smith said last night he had requested the board meeting to present reasons why the group should reverse its position on sending Miss Rankin to the national capital next month.

A spokesman for the auxiliary explained the action was taken because of "misunderstanding and misrepresentation" of the directors' desire to "protect Joan Rankin from the indignities of racial discrimination in Washington."

On Wednesday, Rep. McSweeney (D-Ohio) announced in Washington that a "leading hotel" in the city was willing to provide housing to all girls regardless of race, who attend Girls' Nation. The congressman said, however, he had been informed by a national auxiliary official that housing arrangements for the girls had been made "some months ago."

The Ohio girl who will accompany Miss Rankin to Washington is Mary Jo Hunter of Mansfield, also a Buckeye Girls' State official.

Granges

Guilford
Mrs. Mildred Schuster won first prize in the cake baking contest conducted by Guilford Grange recently. Bernice Sanor was awarded second honors.

Ethel Caldwell and Camille Baker shared honors in the sewing contest.

Judges were Betty Stafford and Mrs. E. T. Lippincott from Bayard Grange and Mrs. Heim of Greely Grange.

Albert Hanna, superintendent of the Central Clinic, presented Miss Nell Robinson of East Liverpool, president of the Ohio Hospital association, and superintendent of the East Liverpool hospital, who gave an informative talk on hospital systems from the Crusade to the present.

Wilfred Gamble, James Woods, Jr., and Dale Butherie, compose a committee to plan for the annual picnic.

Fifty members and 11 visitors attended the meeting.

Ordinary meteors might be termed "hoboes of the sky," for they move around in random directions, unlike the great celestial bodies which have fixed courses.

Two World War I GI's Hold 31-Year Reunion

CLEVELAND, July 16—Thirty-one years ago an aerial bomb fell on Battery B, 76th Field Artillery, USA, killing 30 soldiers.

Among those sent to hospitals by the blast were Pvt. Perley O. Porter of Berrien Springs, Mich., and Pvt. Carl G. Ola, of Cleveland.

They had been soldiering together for 16 months. Each thought the other had been killed by the German bomb.

Yesterday, Porter saw Ola's name on a registration list at the 30th annual reunion of the Third Infantry division and they held their first reunion.

Ohio Fuel Gas Co. Granted Expansion

COLUMBUS, July 16—(AP)—The State Utilities commission today authorized the Ohio Fuel Gas Co. to take on the equivalent of 45,000 additional space heating customers.

The order allows Ohio Fuel to furnish gas for heating purposes to 21,260 residential customers and to 1,496 commercial users.

It also permits companies served by Ohio Fuel gas to acquire about 20,000 additional fuel customers.

Recent Births

At City hospital—
A son Friday to Mr. and Mrs. William Kerr of North Lima.

Legion Social Meeting

Charles H. Carey, post American Legion, will hold a social meeting Monday evening at the home. There will be a fish fry at 6:30. William Schaeffer, Vern Rich and William Needham will be in charge of the kitchen detail.

A short musical program will follow the supper. At 8:30 there will be a television program inaugurating the new television receiver.

Committee in charge of the television installation was William Schaeffer, chairman; Joseph Bryan and Ray Reich.

This will mark the beginning of nightly activities in the Legion clubroom. Plans have been made to keep the rooms open every night so that the members may have access to the television set.

Four Drivers Fined

Robert Harrison, 37, of Chicago, arrested by the Salem state patrol, was fined \$15 and costs by Mayor K. T. Gormley of Columbiana Friday for driving left of center.

William Hisey, 34, of Leetonia was fined \$10 and costs on a similar charge by Mayor R. R. Johnson.

John Brooks, 35, of Massillon, was fined \$25 and costs by Mayor Lloyd Culler of Washingtonville for like offense.

Leo F. Limbauch, 27, of Defiance, forfeited a \$5 bond to Mayor Brooks Reed of Poland after being arrested for crossing a freshly painted line.

All arrests were made by the state highway patrol.

Gfeller Promoted

George R. Gfeller, son of Mr. and Mrs. Oscar Gfeller, Bank st., has been promoted to private

first class for his excellent performance of duty as a gunner corporal for his unit, "B" Battery 61st Field Artillery battalion in Japan.

Pfc. Gfeller operates the sighting mechanism on a 105 millimeter howitzer. He also changes the deflection and lays the howitzer for direction.

Enlisting for military service in October of 1948, Pfc. Gfeller arrived in Japan in February, 1949. He is eligible to return to the United States in July, 1951.

Collision Reported

A car and a truck were slightly damaged in a collision at the corner of Penn and Pershing st. at 3:05 p. m. Friday, police reported.

George Silvestri of Youngstown had stopped his truck on Pershing to ask directions. A car operated by Frank A. Mitchell of 885 N. Ellsworth, driving south on Penn ave. hit the right rear fender of the truck with the right front fender of his car.

Jones & Laughlin Steel Corp. employee declared. "A pension plan is security. John L. Lewis got a pension for his miners, didn't he?"

Although unaffiliated, the steel workers and the miners are closely associated through geographical location and past connection. The United Mine Workers under Lewis supplied the money to organize the steel union. A subsequent bitter split between Lewis and Murray over the late President Franklin D. Roosevelt broke the affiliation between the unions.

While President Truman's fact-finding board has the power to recommend settlement to the USW-Steel dispute, the operators made clear in accepting the truce that the board's findings would not be binding.

Lisbon School Board Seeks To Fill Vacancies

LISBON, July 16—The Lisbon board of education is receiving applications for the filling of five vacancies in the teaching corps of the local schools, with the recent resignation of three high school teachers, and two teachers in the grades.

Posts to be filled before the opening of school Tuesday, Sept. 6, include a home economics instructor, following resignation of Mrs. Edgar Hoopes, nee Ruth Pelton; a commercial teacher, as a result of resignation of Miss Rella Muntean, and an English and speech instructor formerly taught by Miss Helen Bowen. Also needed are a teacher of the second grade in the McKinley school, taught by Mrs. Charles Pike, resigned, and a kindergarten teacher, since the resignation of Miss Elizabeth Boyd.

The board is also seeking a successor to Miss Mary Bruey who resigned as school nurse, and a secretary to the superintendent of schools, following the resignation of Mrs. Elizabeth Kelly.

Have Too Much To Eat

OSLO—The Norwegians are growing too fat, a medical congress in Oslo reported. Since the war the food situation has improved and people just can't stop eating. Fatness has therefore become a disease in Norway and heart diseases have increased accordingly, the doctors said.

Dual Farm Event Planned At Firestone Farms July 30

The 900-acre Firestone Farms, two miles east of Columbiana on Route 14, have been selected for the Columbiana-Mahoning Vegetable Growers Field day, July 30, and the annual Ohio State Potato Field day, Aug. 1, 1949.

The homestead farm, birthplace of the late Harvey S. Firestone, founder of the Firestone Tire and Rubber Co., has been in the Firestone family continuously since the original land grant in 1804.

Within sight of the original Firestone homestead, built in 1827, thousands of Ohio's leading agriculturists will gather to examine the latest methods in growing technique, insecticides, weed control, soil conservation, contour farming, fertilizer placement and the harvesting and grading of potatoes.

While the Vegetable Growers Field day is being held primarily for farmers in Columbiana and Mahoning counties, visitors from this and all other states are welcome.

Deaths

MRS. HOWARD W. SMITH
Mrs. Mary Deckenbaugh Smith, 83, widow of Howard W. Smith, died at 6 a. m. today in her home at 937 Lundy ave. following a year's illness.

She was born on Feb. 16, 1866, in Pittsburgh, the daughter of Casper and Elizabeth Newman Deckenbaugh and came to Salem when a child. She spent the rest of her life here.

Her husband was one of the two original employees of the Bakewell & Mullins Co., now the Mullins Manufacturing Corp.

She is survived by two sisters, Mrs. Tillie Snyder and Mrs. H. L. Cole of Salem; three nieces, Mrs. H. H. Wilkinson and Mrs. J. W. Asty of Salem and Mrs. Russell Herbruck of Akron and two nephews, Charles Snyder of Salem and Harry V. Robinson of Barberton.

Funeral service will be held at 2:30 p. m. Tuesday at the Stark Memorial with Rev. Harold Ogden, pastor of the Presbyterian church, officiating. Burial will be in Grandview cemetery.

Friends may call at the Memorial Monday evening.

LEGISLATURE

uation as a state deficit "triple threat."

Gets Near Request
Lausche asked about \$650,000, 000 to run the state for two years. Legislators sent him a record-high \$647,000,000 budget. They also approved \$99,000,000 for new buildings and other capital improvements. A third money measure allotted \$318,693 to pay 104 claims against the state.

Appropriations and Rotary funds approved for 30 months shot the total past the billion-dollar mark for the first time. The state's fiscal year was advanced from Jan. 1 to July 1 this session.

Administration program successes include: Bigger workmen's compensation and jobless benefits; a new department to unify state conservation work; strict coal strip mine control; a law to enable cities to rebuild slums; sweeping election law revision; lower majorities for approval of tax levies and bond issues; commissions to study temporary disability jobless insurance and to study revision of Ohio's tax and revenue laws.

Lausche asked and got more money for welfare programs; for increased school enrollments; health funds and pay raises for state workers. Action wasn't taken on a suggested raise in old age pensions if money was available.

The legislature defeated a Lausche-backed compulsory FEPC bill to prevent employment discrimination because of race or religion. It also balked at requests for power to remove sheriffs failing to enforce gambling laws and to have gambling places padlocked.

come. The program begins at 1 p. m. in the main tent at the Homestead farm. Arvin Moll, horticulture department, Ohio State university, will talk on trends in vegetable marketing and Victor Keirns, Ohio State university, will discuss vegetable production problems.

The field trip at 2 p. m. will include potatoes, peaches, on terraces, snap beans, erosion control with terraces and contour strips, tomatoes, strawberries, managed farm woodlot, drainage of vegetable land and conservation plan.

The Ohio Potato Field day will begin at the Firestone Farms with luncheon on the grounds at 11:30 a. m. In the headquarters tent, Floyd Lower, Columbiana county farm agent, will call the meeting to order at 1 p. m.

Raymond C. Firestone, vice president of the Firestone Tire and Rubber Co. and son of the founder, will welcome the guests. Announcements of the day's activities by William Knuth, Firestone Farms manager, and Arvin Moll will follow.

Conducted field tours begin at 1:30. Tours will demonstrate the latest methods of (1) vine killing, digging and loading; (2) spraying; (3) planting and fertilizer placement; and (4) chemical weed control.

One of the outstanding features of the Ohio Potato Field day and the Vegetable Growers Field day will be the Firestone test plots where visitors will be able to compare 51 lots of seed and 22 varieties of potatoes from different sources, 34 varieties of sweet corn and 30 varieties of tomatoes.

Exhibits will include the latest types of farm machinery, market grades of potatoes by the Ohio Bureau of Markets and continuous motion pictures covering farming operations and soil conservation practices.

Ohio Potato Field day is jointly sponsored by the Ohio Agricultural Experiment station, Ohio Vegetable and Potato Growers association; Agricultural Extension Service; Firestone Farms, Agnew farm, Horticulture department, Ohio State university, and the Columbiana-Mahoning Potato Growers.

CLEANLINESS RULE FOR MAHONING JAIL

LISBON, July 16—It appears that Mahoning county jail will be one of the most select spots in the district—possibly even a delightful place for a summer vacation.

Sheriff Paul Langley of Mahoning county has advised Sheriff Howard Clark that the jail rules have been amended and that effective July 1, all prisoners sent to Youngstown from other jails must be deloused, bathed, and dressed in clean clothing, and shall have Wasserman and chest X-ray certificates.

Prisoners sentenced for vagrancy shall have their hair clipped and will be kept in a separate cell block.

Clark said today that Columbiana county does not have facilities for Wasserman tests and X-rays, let alone bathing and delousing facilities. He said the new regulations may not apply to this county, since "we have a contract for housing prisoners with Mahoning county."

A Bank Account for CUPID

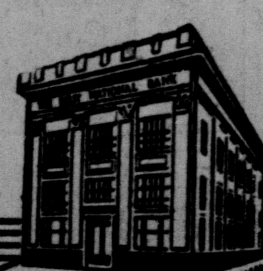

The First National Bank salutes the brides and grooms who are "stepping off" this summer, and invites them to lose no time in making use of our complete banking services.

A savings account for reserve funds and to fulfill future plans... a checking account with monthly statements to keep family expenses in check... your cancelled checks serve as legal receipts and show good business judgment, too, if drawn on the First National Bank.

Summer is a good time for weddings because the costs of running a home or business are lower, and a good start can be made on an income-producing savings fund. No newlyweds ever got ahead on the money they knew they should save... but didn't.
